The incredible true story of Tiger Woods's dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as "the greatest closer in history" before he fell further than any beloved athlete in America's memory, Tiger swung at the world's wildest expectations and beat the skeptics with his April 2019 Masters championship. *Roaring Back* traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times–bestselling author Curt Sampson details the highs and lows of Woods's career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron...to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report . . . finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods's defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Siltan, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. "Sampson admirably details all the highs and lows." —Jim Nantz, CBS Sports

“Like Curt Flood and Oscar Robertson, who paved the way for free agency in sports, Ed O’Bannon decided there was a principle at stake... O’Bannon gave the movement to reform college sports...passion and purpose, animated by righteous indignation.” —Jeremy Schaap, ESPN journalist and New York Times bestselling author In 2009, Ed O’Bannon, once a star for the 1995 NCAA Champion UCLA Bruins and a first-round NBA draft pick, thought he’d made peace with the NCAA’s exploitive system of “amateurism.” College athletes generated huge profits, yet—training nearly full-time, forced to tailor coursework around sports, often pawns in corrupt investigations—they saw little from those riches other than revocable scholarships and miniscule chances of going pro. Still, that was all in O’Bannon’s past...until he saw the video game NCAA Basketball 09. As avatars of their college selves—their likenesses, achievements, and playing styles—O’Bannon and his teammates were still making money for the NCAA. So, when asked to fight the system for players past, present, and future—and seeking no personal financial reward, but rather the chance to make college sports more fair—he agreed to be the face of what became a landmark class-action lawsuit. Court Justice brings readers to the front lines of a critical battle in the long fight for players’ rights while also offering O’Bannon’s unique perspective on today’s NCAA recruiting scandals. From the basketball court to the court of law facing NCAA executives, athletic directors, and “expert” witnesses; and finally to his innovative ideas for reform, O’Bannon breaks down history’s most important victory yet against the inequitable model of multi-billion-dollar “amateur” sports.

This book chronicles the development and history all five Ducati Corse World Superbike generations together with interviews with the designers, racers and team managers. This unique insight is provided by renown motorcycle racer and journalist Alan Cathcart who has had the opportunity to test ride every one of the race bikes over the last 25 years

An instant bestseller when first published in 1929—biographies of twelve bold individuals from history and what they did to separate themselves from the pack. In his trademark journalist style, author William Bolitho details the lives of twelve great adventurers—Alexander the Great, Casanova, Christopher Columbus, Mahomet, Lola Montez, Cagliostro (and Seraphina), Charles XII of Sweden, Napoleon I, Lucius Sergius Catiline, Napoleon III, Isadora Duncan, and Woodrow Wilson. Bolitho elucidates both the struggles and successes that made these figures so iconic, and demonstrates how they all battled convention and conformity to achieve enduring fame and notoriety. “We are born adventurers,” Bolitho writes, “and the love of adventures never leaves us till we are very old; old, timid men, in whose interest it is that adventure should quite die out. This is why all the poets are on one side, and all the laws on the other; for laws are made by, and usually for, old men.” Though his essays are nearly one hundred years old, they encompass the timeless values of perseverance, bravery, and strength of spirit that have proven to resonate with the pioneers and thought leaders of today. “It’s really quite good.” —Elon Musk “Twelve Against the Gods provides an interesting perspective on what drove and impeded this group of adventurers . . . A good read for anyone who’s interested in history or looking to find some motivation to switch things up and break the rules.” —Áine Cain, Business Insider “I think Twelve Against the Gods is also very appropriate for this day and age. We need adventurers, and there still are a lot of adventurers.” —China Ryall, daughter of William Bolitho
