The Cheshire Cat travels from Underland to warn Alice that her friends are threatened by the mad Queen of Hearts and need her to help liberate themselves from sexual slavery. Accompanied by her attractive and surprisingly perverse college tutor, Alice finally finds her proper place in Underland. A delightfully perverse retelling of a classic tale, by the author of *The Obedient Alice* and *Alice in Chains*.

Consumer brand manufacturers face growing challenges from fragmenting markets, escalating media costs, and declining advertising effectiveness. They must also contend with a trend towards retailers' having their own labels. In response, brand owners have shown increasing interest in employing direct marketing as a competitive weapon. In *Building Brands Directly*, Stewart Pearson offers a comprehensive guide to the direct marketing of brand names. Beginning with a summary of the obstacles facing brands, Pearson examines such topics as new marketing technologies and techniques; the theory and strategy of development; advertising, marketing, and retail issues. He offers a guide to the practice of relationship marketing and provides guidance on building and managing customer data bases. This book will be an invaluable resource for marketing firms and companies looking to develop and sustain brand names through direct marketing.

This Handbook covers all the many aspects of cognitive therapy both in its practical application in a clinical setting and in its theoretical aspects. Since the first applications of cognitive therapy over twenty years ago, the field has expanded enormously. This book provides a welcome and readable overview of these advances.

Two outlaws of love (and literature) at large in their own Wild West. Ralph Crawford may be a talented short-story writer -- one of the best in the Bay Area, in America, in the 1970s; hell, in the whole English-speaking, late-middle-twentieth century -- but off the page he's only human. In fact, as his wife, Alice Ann, can attest, he's a mess: a jealous but faithless husband, an inveterate bouncer of checks, a plunderer of private misadventures for the sake of his fiction, and an often hapless drunk. When his (similarly human) buddy, Jim Stark -- a novelist burning with ambition, promise, and humiliation over his own failed marriage -- promises to deliver a cargo of incriminating letters to Ralph's latest paramour, a dark lady in Missoula named Lindsay Wolfe, the lives of all four are changed in ways none of them could predict. Careening across the western states during the twilight of the San Francisco underground, Chuck Kinder's already semi-legendary masterpiece, twenty-five years in the making, is a rueful, comic-tragic juggernaut of good and bad intentions gone awry, high seriousness and hard living, and the gradual, painful coming of age of two couples who have spent the best years of their lives raising bad judgment to an art. With affection and self-savaging wit, Kinder captures the siren song of the writerly vocation in all its squalor, destructiveness, and glory.

This practical book presents cutting-edge approaches to couple and family therapy that use attachment theory as the basis for new clinical understandings. Fresh and provocative insights are provided on the nature of interactions between adult partners and among parents and children; the role of attachment in distressed and satisfying relationships; and the ways attachment-oriented interventions can address individual problems as well as marital conflict and difficult family transitions. With contributions from leading clinicians and researchers, the volume offers both general strategies and specific techniques for helping clients build stronger, more supportive relational bonds.

Paterson, New Jersey—March 1961. A joyous day of celebration turns into a waking nightmare when a young girl is brutally murdered. With the police making slow progress, the child's grief-stricken parents decide to launch their own investigation and uncover some ugly secrets about their family, friends, and neighbors. Among the many possible suspects, the most likely culprit proves to be the girl's own sister— but could an angelic-looking child be capable of such a ghastly crime? Originally titled *Communion* but also known by such monikers as *Alice*, *Sweet Alice* and *Holy Terror*, Alfred Sole's Catholic-themed horror-thriller has gone on to attract a well-deserved cult following. Though mostly ignored on its original, checkered theatrical release, the film is now revered among devotees of the offbeat. Architect-turned-filmmaker Alfred Sole brought a distinctive, artistic eye to bear on what could have been yet another routine potboiler. Working well outside the confines of Hollywood, he used his connections to secure atmospheric locations, while scouring the New York theater scene for the right actors to bring his quirky characters to life. The road to realizing his vision was not without complications, however. Here you will learn about his ill-fated foray into the then-profitable "porno chic" market by making his own "blue movie" in his home town; the fallout was immense and he found himself facing the possibility of jail time as well as absolute professional disgrace. Once the dust settled, he decided to try for something equally commercial but far more palatable for mainstream consumption. At a time when the likes of Tobe Hooper, George A. Romero, John Carpenter, Wes Craven, and David Cronenberg were emerging as the great new auteurs of North American horror, Alfred Sole seemed poised to join their ranks; sadly, some bad breaks ensured that lightning would not strike twice. No matter what disappointments came in its wake, Sole's "respectable" mainstream debut scaled artistic heights that leave no doubts as to his singular talents. Troy Howarth, the award-nominated author of such books as *The*

Haunted World of Mario Bava and Assault on the System: The Nonconformist Cinema of John Carpenter, explores the genesis, production, and reception of one of the key horror films of the 1970s. In addition to a brand new, in-depth career-encompassing interview with co-writer/director Alfred Sole, Unholy Communion: Alice, Sweet Alice from Script to Screen also reproduces the complete original shooting screenplay. There's also ample analysis of the state of the genre during the counter-culture boom of the late 1960s and '70s and of the film itself, giving readers insight into what makes this such a special, stand-out piece of independent filmmaking.

A novel of Victorian England - Raised in the slums in 1850s London, Celia Laws is a rarity, an educated young woman whose creative skills have attracted notice. But with family to care for, circumstances have driven her to pickpocketing. In Celia's harsh world, it's a small step from picking pockets to prostitution. When a young man offers her a fortune to spend a week with him, she takes the money and runs. But Celia's conscious can't allow her to forget the money she stole, and she is soon brought face-to-face with her past . . .

In his latest groundbreaking book, the author examines the history of psychoanalysis from a resolutely independent perspective. At once spellbinding case histories and meticulously crafted gems of scholarship, Rudnytsky's essays are "re-visions" in that each sheds fresh light on its subject but they are also avowedly "revisionist" in their scepticism towards all forms of psychoanalytic orthodoxy. Beginning with a judicious reappraisal of Freud and ranging in scope from King Lear to contemporary neuroscience, the author treats in depth the lives and work of Ferenczi, Jung, Stekel, Winnicott, Coltart, and Little, each of whom sought to "rescue psychoanalysis" by summoning it to live up to its highest ideals.
