Study & master economic and management sciences grade 9 has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in economic and management sciences.

This volume provides insights into the environmental practices of five industry sectors: materials processing, manufacturing, electric utilities, and pulp and paper. The ecology of industry is presented in terms of systems of production and consumption, taking into account the flows of material, energy,

capital, and information. The book examines ways to improve the environmental performance of these industries (and others, such as the service sector) and shows how decisions made by industry managers can leverage systemic environmental improvements elsewhere in the economy.

Providing complete, step-by-step coverage of the Edexcel GCE Physics specification, this is the official Student Book for the concept-led approach to the specification. Written by experienced examiners, it offers students motivating and relevant content to improve exam performance and ensure students fulfil their full potential. *Allows for regular testing and exam preparation with real Edexcel past questions, provided in the 'Examzone' sections. *Supports independent learning through a range of additional resources provided on the ActiveBook CD-ROM, included FREE in the back of each book. *Helps students build a wide range of skills, including data analysis, critical evaluation of information, communication and collaborative work. *Gives students an in-depth, scientific understanding of the principles covered in each topic, including How Science Works. *Helps students easily see how content from the specification is covered through topic overview maps. *Written by highly respected and experienced authors.
