The DOG ON A LOG Book series helps kids, including kids with dyslexia, learn to read. They are sound out books that start with just a few phonics rules. Each following Step of books adds a few more phonics rules and sight words. This gradual progression lets kids learn to read without feeling so overwhelmed. The word list below will help you decide where in the series your child should start. For added practice, free printable game boards, flashcards, handwriting sheets, and more can be downloaded from [dogonalogbooks \(dot\) com](http://dogonalogbooks(dot)com). The (purple) Let's GO! books have less text for new or less confident readers. The (red) chapter books are longer for more reading practice. Kids enjoy these stories that get more complex and longer as more phonics are added throughout the series. Books can be purchased individually or as collection volumes. This is a collection volume of five Step 1 Chapter Books. Additional information on using this series is available in the e-book HOW TO USE DECODABLE BOOKS TO TEACH READING. DOG ON A LOG Books follow a structured literacy/Orton Gillingham phonics progression. DOG ON A LOG "What Step Should We Start With" Word List Have your child read the following words. Kids often struggle and grow frustrated when they can't sound out the words. However, kids who have been taught the phonics in DOG ON A LOG Books can be proud when they are able to sound out and read almost every word. E-books have color images and the font size can be changed to your preference. Paper books have black and white images. The books are optimized for learners with dyslexia. They have cream colored paper and large Verdana font. Research has shown Verdana is one of the most dyslexia-friendly fonts.
