Reed's Reckoning By: Ahren Sanders. Prologue The pain is excruciating. Thinking the drugs were supposed to help was wrong. I'm pretty sure my abdomen is going to explode; ripping me apart from the inside out. "Please, the epidural isn't working! Is there something you can do?" I hiss, thrashing on the bed. "Hold on, baby, the doctor's on the way." Luke says against my temple ...

I hooked up with my temporary roommate. Now I'll do anything to claim her for good. I'm Noah Weston. For a decade, I've quarterbacked America's most iconic football team and plowed my way through women. Now I'm transitioning from star player to retired jock-with a cloud of allegation hanging over my head. So I'm escaping to the private ocean-front paradise I bought for peace and quiet. What I get instead is stubborn, snarky, wild, lights-my-blood-on-fire Harlow Reed. Since she just left a relationship in a hugely viral way, she should be the last woman I'm seen with. On second thought, we can help each other... I need a steady, supportive "girlfriend" for the court of public opinion, not entanglements. Harlow is merely looking for nonstop sweaty sex and screaming orgasms that wring pleasure from her oh-so-luscious

body. Three months—that's how long it should take for us both to scratch this itch and leave our respective scandals behind. But the more I know this woman, the less I can picture my life without her. And when I'm forced to choose, I'll realize I don't merely want her in my bed or need her for a ruse. I more than love her enough to do whatever it takes to make her mine for good.

More Than Want You (More Than Words, Book 1)

I romanced her for revenge...but what if she's not the enemy after all? I'm Clint Holmes. I was an ambitious guy with a busy life and a growing business. Sure North Dakota wasn't a tropical paradise, but I was happy enough—until tragedy struck. Now the only thing that matters is finding the person responsible and making her pay. But Bethany Banks is a Harvard-educated shark used to swallowing her enemies whole while playing dangerous corporate games. How can a blue-collar oil man like me possibly beat her? The moment I lay eyes on my beautiful nemesis, the answer is obvious. I seduce her. On Maui, where she's fled, I get to know the man-eater who caused my family so much pain...only to find she's not the brazen ballbuster I assumed. She's skittish, secretive, vulnerable. For some reason, my instinct is to protect her. I can't abandon my plan...but I can't stop wanting her. Night after night, I pry her open with my touch until I'm drowning in our passion. Soon, I'm questioning everything, especially the fine line between love and hate. But when the past comes back to wreak vengeance and the truth explodes, can I prove that I'm more than tempted to love her forever?

Outcast by an injury sustained from her father, foster child Sara Crane befriends a former mental patient and her art teacher and soon creates paintings of long-ago violent crimes committed by the inmates of a local asylum, a situation that is complicated by brutal attacks on two of Sarah's enemies. Reprint.

I need to hire a wife. But I only want my assistant. I'm Evan Cook—billionaire tech entrepreneur and widower. Professionally, I've got it all. But since my wife died, my personal life has fallen apart. Remarrying seems like the obvious answer, so I place an ad. I'm not asking for much. The ideal woman only needs to be smart, organized, pretty, and helpful—both in and out of bed—without expecting romance. I never thought to look right in front of me...but it turns out that Nia Wright, my sexy, sassy assistant, just might be the perfect candidate. After an unexpectedly hot night together, I'm ready to stop interviewing strangers and simply marry her. On paper, she ticks every box on my list. Best of all, she's far too sensible to fall for me. I didn't see the flaw in my logic until it was too late. I never thought I'd lose my heart for the first time. And I definitely never imagined Nia could consume me. But

she's harboring a secret that could tear us apart. Can I prove I more than crave her before it's too late?

More Than Need You (More Than Words, Book 2)

From New York Times and USA Today bestselling author Shayla Black comes a new story in her More Than Words series... Can I convince her our hot but temporary engagement should last forever? I'm Stephen Lund, confirmed bachelor...and son of a successful billionaire whose sins I can't forget—or forgive. Though he insisted I get over his transgressions, I can't. So I put space between us with a temporary getaway to Maui. My rental's sexy caretaker, Skye Ingram, is a beautiful distraction. Yeah, it's a terrible time to start a fling, but I can't help wanting to give her every bit of pleasure she's willing to take. When Skye needs a date to her ex-boyfriend's wedding, I'm game to play her pretend fiancé. The jerk should see what he passed up...and that I'm holding her now. But our pretend engagement begins to feel real. Our passion certainly is. So are the consequences. When I'm confronted with the reality that our lives are now irrevocably entwined, I have to choose between leaving Skye to return to the life—and wealth—I've always known or abandoning everything familiar to start over with the woman who awakened my heart. \*\*Every 1001 Dark Nights novella is a standalone story. For new readers, it's an introduction to an author's world. And for fans, it's a bonus book in the author's series. We hope you'll enjoy each one as much as we do.\*\*

I dared her to spend a hot, no-strings night with me. Now I'm determined to keep her forever. I'm Trace Weston, recently reformed womanizer. In the blink of an eye, I went from busy bachelor to full-time single dad. My life was already complicated before my sister-in-law asked me to show off my bedroom skills to her bestie, who's wanting to experience real pleasure now that her one-and-only long-term relationship is over. Gorgeous Masey Garrett isn't my "usual." She's shy, sassy, driven, and incredibly kind. Suddenly I'm falling fast...but she's only mine for a night. What's a former player to do? Change the rules. Now she's under my roof night after night, letting me into her body and her life. Her heart? Not so much. She loves my newborn son. Me? I can't tell. I'm pulling out all the stops to win her over, but she's not taking me seriously. Other than passion, how can I reach her? Every attempt only pulls me deeper under her spell. Sure, I could drop an L bomb...except that once imploded my heart. But when her past collides with my desired future, can I risk everything and dare Masey to stay with me forever?
