Development are also excellent audiences for this book.

"If you're looking for solid, easy-to-follow advice on estimation, requirements gathering, managing change, and more, you can stop now: this is the book for you."--Scott Berkun, Author of The Art of Project Management

Download File

PDF Srs

What makes software projects succeed? It takes more than a good idea and a team of talented programmers. A project manager needs to know how to guide the team through the entire software project. There are common pitfalls that plague all software projects and rookie mistakes that are made

Download File

PDF Srs

repeatedly--sometimes
by the same people!

Avoiding these pitfalls is
not hard, but it is not
necessarily intuitive.

Luckily, there are tried
and true techniques that
can help any project
manager. In *Applied
Software Project
Management*, Andrew
Stellman and Jennifer
Greene provide you
with tools, techniques,

Download File

PDF Srs

and practices that you can use on your own projects right away. This book supplies you with the information you need to diagnose your team's situation and presents practical advice to help you achieve your goal of building better software. Topics include: Planning a software project Helping a team estimate its
