Hoskyns sat in a

damp Clapham

basement and asked

his best friend to

inject him with heroin.

From that moment on,

for the next three

years, Hoskyns is

hopelessly hooked.

This is the searingly

honest story of what

# Read Free Stars Cars And

brought him to this place - and how he got himself out of it. Barney Hoskyns is one of the leading music writers of our time: his books have ranged the musical landscape from Led Zeppelin to Tom Waits, from Laurel Canyon to Woodstock. His articles have

appeared in NME,  
Melody Maker, Rolling  
Stone and Vogue,  
and in 2000 he  
founded Rock's  
Backpages. Hoskyns  
beautifully describes  
the relationship  
between music and  
addiction, between  
love and infatuation.  
Never Enough is  
Hoskyns's raw,  
uncompromising and

utterly compelling  
account of the highs  
and lows of life under  
the needle.

Interspersed with  
photos and diary  
entries, Hosykns  
examines why he so  
willingly gave himself  
up to the death-grip of  
heroin, and what it  
took to finally free  
himself from it.
