~~The Bible by Karen Armstrong | Waterstones~~

Karen Armstrong is a great purveyor/interpreter/teacher of religious history and this book (an awe-inspiring task, to write a "biography" of the Bible in a couple hundred pages) is no exception. She concentrates on the liberality in methods of interpretation that were encouraged throughout history and (some might say) over-emphasizes that in an attempt to counter fundamentalist notions as the "real" interpretation.

~~The Bible: A Biography by Karen Armstrong~~

In this seminal account, acclaimed historian Karen Armstrong discusses the conception, gestation, and life of history's most powerful book. Armstrong analyzes the social and political situation in which oral history turned into written scripture, how this all-pervasive scripture was collected into one work, and how it became accepted as Christianity's sacred text.

The Bible: The Biography by Karen Armstrong The Bible is the most widely distributed book in the world. Translated into over two thousand languages, it is estimated that more than six billion copies have been sold in the last two hundred years alone.

From the bestselling author of A History of God and The Great Transformation comes a balanced, nuanced understanding of the role religion plays in human life and the trajectory of faith in modern times. Why has God become incredible? Why is it that atheists and theists alike now think and speak about God in a way that veers so profoundly from the thinking of our ancestors? Moving from the Paleolithic Age to the present, Karen Armstrong details the lengths to which humankind has gone to experience a sacred reality that it called God, Brahman, Nirvana, Allah, or Dao. She examines the diminished impulse toward religion in our own time when a significant number of people either want nothing to do with God or question the efficacy of faith. With her trademark depth of knowledge and profound insight, Armstrong elucidates how the changing world has necessarily altered the importance of religion at both societal and individual levels. And she makes a powerful, convincing argument for structuring a faith that speaks to the needs of our dangerously polarized age.

In this seminal account, acclaimed historian Karen Armstrong discusses the conception, gestation and life of history's most powerful book. She analyzes the climate in which oral history's most powerful book. She analyzes the climate in which oral history turned into written scripture, how this scripture was collected into one work, and how it became accepted as Christianity's sacred text. This is a brilliant, captivating book, crucial in an age of declining faith and rising fundamentalism.

The 4,000-year quest of Judaism, Christianity and Islam.

In the late twentieth century, fundamentalism has emerged as one of the most powerful forces at work in the world, contesting the dominance of modern secular values and threatening peace and harmony around the globe. Yet it remains incomprehensible to a large number of people. In The Battle for God, Karen Armstrong brilliantly and

sympathetically shows us how and why fundamentalist groups came into existence and what they yearn to accomplish. We see the West in the sixteenth century beginning to create an entirely new kind of civilization, which brought in its wake change in every aspect of life -- often painful and violent, even if liberating. Armstrong argues that one of the things that changed most was religion. People could no longer think about or experience the divine in the same way; they had to develop new forms of faith to fit their new circumstances. Armstrong characterizes fundamentalism as one of these new ways of being religious that have emerged in every major faith tradition. Focusing on Protestant fundamentalism in the United States, Jewish fundamentalism in Israel, and Muslim fundamentalism in Egypt and Iran, she examines the ways in which these movements, while not monolithic, have each sprung from a dread of modernity -- often in response to assault (sometimes unwitting, sometimes intentional) by the mainstream society. Armstrong sees fundamentalist groups as complex, innovative, and modern -- rather than as throwbacks to the past -- but contends that they have failed in religious terms. Maintaining that fundamentalism often exists in symbiotic relationship with an aggressive modernity, each impelling the other on to greater excess, she suggests compassion as a way to defuse what is now an intensifying conflict. **BONUS:** This edition contains an excerpt from Karen Armstrong's *Twelve Steps to a Compassionate Life*.

"Karen Armstrong is a genius."—A. N. Wilson As the foundation stone of the Jewish and Christian scriptures, The Book of Genesis unfolds some of the most arresting stories of world literature—the Creation; Adam and Eve; Cain and Abel; the sacrifice of Isaac. Yet the meaning of Genesis remains enigmatic. In this fascinating volume, Karen Armstrong, author of the highly acclaimed bestseller *A History of God*, brilliantly illuminates the mysteries and profundities of this mystifying work. **BONUS:** This edition contains an excerpt from Karen Armstrong's *Twelve Steps to a Compassionate Life*. "A lyrical chronicle of one woman's wrestling with Genesis that can serve as a guide to others . . . As notable for its scholarship as it is for its honesty and vulnerability."—Publishers Weekly "Armstrong can simplify complex ideas, but she is never simplistic."—The New York Times Book Review

The renowned religious historian "preaches the gospel truth . . . explaining how the spiritual guide . . . came into being and evolved over the centuries" (*Vanity Fair*). As the single work at the heart of Christianity, the world's largest organized religion, the Bible is the spiritual guide for one out of every three people in the world. It is also the world's most widely distributed book and its bestselling, with an estimated six billion copies sold in the last two hundred years. But the Bible is a complex work with a complicated and obscure history. Its contents have changed over the centuries, it has been transformed by translation, and, through interpretation, has developed manifold meanings to various religions, denominations, and sects. In this seminal account, acclaimed historian Karen Armstrong discusses the conception, gestation, life, and afterlife of history's most powerful book. Armstrong analyzes the social and political situation in which oral history turned into written scripture, how this all-pervasive scripture was collected into one work, how it became accepted as Christianity's sacred text, and how its interpretation changed over time. Armstrong's history of the Bible is a brilliant, captivating book, crucial in an age of declining faith and rising fundamentalism. "Vintage Armstrong: sweeping, bold, incisive, and insightful. In eight chapters it covers the history of the writing, canonizing, and reading of the Bible . . . Her choice of topics is impeccable . . . and her brief, 23-page discussion on the rise of the Talmud is masterful." —Choice "An excellent précis of the writing and compiling of the Bible and the ensuing centuries of biblical interpretation . . . one terrific little book." —Booklist

Venerated for millennia by three faiths, torn by irreconcilable conflict, conquered, rebuilt, and mourned for again and again, Jerusalem is a sacred city whose very sacredness has engendered terrible tragedy. In this fascinating volume, Karen Armstrong, author of the highly praised *A History of God*, traces the history of how Jews, Christians, and Muslims have all laid claim to Jerusalem as their holy place, and how three radically different concepts of holiness have shaped and scarred the city for thousands of years. Armstrong unfolds a complex story of spiritual upheaval and political transformation--from King David's capital to an administrative outpost of the Roman Empire, from the cosmopolitan city sanctified by Christ to the spiritual center conquered and glorified by Muslims, from the gleaming prize of European Crusaders to the bullet-ridden symbol of the present-day Arab-Israeli conflict. Written with grace and clarity, the product of years of meticulous research, Jerusalem combines the pageant of history with the profundity of searching spiritual analysis. Like Karen Armstrong's *A History of God*, Jerusalem is a book for the ages. **BONUS:** This edition contains an excerpt from Karen Armstrong's *Twelve Steps to a Compassionate Life*.

A literary history of our most influential book of all time, by an Oxford scholar and Anglican priest In our culture, the Bible is monolithic: It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church. The idea of the Bible as "Holy Scripture," a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In *A History of the Bible*, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, *A History of the Bible* argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.

A stirring account of the life of Paul, who brought Christianity to the Jews, by the most popular writer on religion in the English-speaking world, Karen Armstrong, author of *The History of God*, which has been translated into thirty languages
