The original Guitar Hero was released on the PlayStation 2 in November 2005. Guitar Hero is notable because it comes packaged with a controller peripheral modeled after a black Gibson SG guitar. Rather than a typical gamepad, this guitar controller is the primary input for the game. Playing the game with the guitar controller simulates playing an actual guitar, except it uses five colored "fret ...

The original Guitar Hero debuted in 2005 and became a global phenomenon. It sold over 1.5 million copies, despite being a somewhat niche release. It was unlike anything American gamers had seen before and kickstarted the music rhythm fad of the mid-aughts. A sequel released a year later to even more acclaim, making over \$200 million in 2006 alone.
