in recent years. There are several different versions of the diet, but all are based around foods that are thought to boost dopamine.

What is the dopamine diet? - BBC Good Food
4.0 out of 5 stars I just started doing the diet this week. So far I am loving all the recipes. My husband is as well. I'm actually enjoying cooking. The only problem that I am having is as an American some of the verbage is difficult and we are not on the metric system, therefore it takes even longer for me to cook these meals.
