Productivity is flatlining, employee wellbeing is at an all-time low and stress at an all-time high. Mental health issues are now the biggest single disability affecting the UK and are estimated to cost the economy £105bn each year.

Traditional company design, structures and processes are making these issues worse and leading to unprecedented levels of staff burnout. This not only impacts individual employees, there is also a detrimental effect on overall company performance when employees can't perform to their full potential. It is the responsibility of Organizational Development and HR professionals to address these issues urgently and redesign work to allow people to flourish and
